Special Temporary Authorization

Dear Licensees:

This is in reference to the request filed on behalf of Bart Walker, licensee of W263AI, and President of WGNS(AM), Murfreesboro, TN. Mr. Walker requests special temporary authority ("STA") to rebroadcast the programming of WGNS on FM translators W270AF and W263AI. In support of the request, Mr. Walker states that WGNS is no longer able to serve its community of license due to rapid growth of the city and interference from numerous sources adversely affecting the AM signal

Having given the proposal thorough consideration, we find that the public interest would be served by grant of Mr. Walker's request.

Accordingly, the request for STA IS HEREBY GRANTED. Station WGNS(AM) may rebroadcast its programming on FM Translators W270AF and W263AI. The stations must use whatever means are necessary to protect workers and the public from exposure to radio frequency radiation in excess of the Commission's exposure guidelines. *See* 47 CFR Sections 1.1307(b) and 1.1310.

This authority expires on **August 13, 2007**.

Sincerely,

James D. Bradshaw
